DETAILED ACTION

The rejections stated in paper dated 11/20/2006 are withdrawn due to applicant's arguments or amendments of paper dated 4/19/2007.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 39-42, 44-46, 49, 50-53, 55-57 and 60 are rejected under 35 U.S.C. 102(e) as being anticipated by WO 01/82916 A2.

Wo teaches compounds such as the last compound of claim 20 as a pharmaceutical composition which anticipates the instant claims.

Claim Objections

3. Claims 43, 47-48, 54 and 58-59 are objected to as being dependent from a rejected base claim but would be seen as allowable if rewritten to be independent.
